<p>2024 video game</p>
<p>Call of Duty: WWII is a 2024 first-person shooter game developed by Sle

dgehammer Games and published💱 by Activision. It was released worldwide

on November 3, 2024 for PlayStation 4, Windows and Xbox One. It is the💱

fourteenth main installment in the Call of Duty series and the first title in th

e series to be set primarily💱 during World War II since Call of Duty: Wo

rld at War in 2008.</p>
<p>The game's campaign is set in the European💱 theatre and is

centered around a squad in the 1st Infantry Division following their battles on

the Western Front and💱 set mainly in the historical events of Operation

Overlord. The player controls Ronald "Red" Daniels, who has squadmates

 who can💱 supply the player with extra ammunition, health, or grenades a

s well as a targeted grenade and target spotting; none of💱 these are aut

omatically replenished in the campaign. The multiplayer mode features map locati

ons not seen in the campaign. The mode💱 also features the new Divisions

system, replacing the create-a-class system that previous games in the series us

ed. A social hub,💱 named Headquarters, was also implemented into the gam

e, allowing for players to interact with each other.</p>
<p>Sledgehammer Games were interested in💱 bringing the series back

 to World War II after developing their previous title, Call of Duty: Advanced W

arfare (2014), which💱 featured advanced movements and futuristic warfare

 technology. Studio head Michael Condrey stated that he was unsure if a World Wa

r💱 II game would feel right after creating a futuristic title like Advan

ced Warfare, but the developers ultimately decided to create💱 a game in

this time period. They also chose to include atrocities and Nazi concentration c

amps in the campaign mode💱 to deliver an authentic war story.</p>
