<p></p><p>Starting with single player campaign. I am mixed abo
ut it. Treyarch always has a good story. But it suffers with4 , £ the typical kill
1000 enemies every time you walk into a area. I get why this was a thing 104 , £
to 15 years ago but technology has moved on but cod campaign is stuck in the pas
t. The SP could4 , £ be a huge selling point for cod and not just an afterthought.
Treyarch does switch things up more in their4 , £ campaigns then IW and Sledgeham
mer but they never adapt on these changes in future games. Like the new dialogue
system4 , £ and character profile will probably be gone in the next black ops eve
n thou it was a nice feature. 14 , £ thing that cod should start doing is less amm
o, hugely improve the AI, and increase damage for both player and4 , £ AI. Make ea
ch enemy encounter have multiple different approaches and ways to take down the
enemy. Improve the stealth aswell4 , £ and give me the option to stash bodies. Eve
ry encounter is identical blurring them together. Their is nothing to with4 , £ ha
ving a missions where your like a god killing 100s of enemies but every mission?
It just feels draining. I4 , £ would rather 20 enemies that all adjust to what I
am doing, if I reload or get shot and have4 , £ low health they should make a push
or throw a grenade, they should take flank routes if I get comfy4 , £ in a single
spot and that sort of stuff. Not 100 enemies that run at me and a straight line
.4 , £ Campaign AI is the same as zombies but they have guns. Cod needs to move it
's single player into today4 , £ and move on from the PS2 style gameplay. Next
