Despite the happy-sounding title, [the movie Smile](#) is not for children. It is a very graphic horror movie that shows several mutilated bodies in all their gory detail.

There are many issues that are dealt with such as teen sex, how others look at you when you are different, and how sometimes commitment is a challenge. Because of some of the subjects discussed I feel that this movie is appropriately rated as PG-13. Dove approves Smile for ages 12 and above.
