<p>Best cod of the modern era, not that that saying much. The campaign was fun enough, #128516; with interesting ideas such as dialogue options and branching missions, but overall it#39;s hard to get invested in due to #128516; the state of the overarching COD storyline. I#39;m honestly can#39;t tell if this is solely in the new MW timeline, #128516; a sequel to the old black ops storyline, or some weird fusion of the two that drags the old games #128516; into everything.</p>
<p>Not much to say on the MP. I haven#39;t played it since it#39;s year in the cycle, and games #128516; are hard to find, at least on pc/steam. From what I remember I enjoyed it, especially the 3v3 mode. the #128516; overall game feel is bad compared to the MW games, but I think that#39;s not an issue going forward. Fun #128516; for the most part, but SBMM makes matchmaking annoying to participate in, often having the game openly tell you it#39;s #128516; searching for games with 100 plus ping at times.</p>
<p>All in all, I#39;d say it#39;s worth it on sale if you #128516; really like cod zombies and skipped this one. It has a lot of rouge-like elements that can keep you playing #128516; for a while, plus a weapon/camo grind, if you u#39;re into that sorta thing. If you#39;re not a fan of zombies, #128516; don#39;t bother.</p>
