<p>Multiplayer [edit]</p>

<p>In 2014, Activision announced a three-year development cycle for the C

all of Duty series, in which Infinity Ward, Sledgehammer Games and Treyarch woul

d take turns in releasing a Call of Duty video game every year so as to extend

each game's development time.[15] Infinite Warfare is the third and the las

t game in the first cycle, and it is the first video game developed by Infinity

Ward since 2013's Call of Duty: Ghosts.[6] Development for the game dates a

s far back as 2014.[16] According to Infinity Ward, the development team added

many new ideas to the game, and put emphasis on the game's storytelling.[17]

The team chose space as the game's setting as they believed that it can in

troduce new environments to players. To make the game more realistic, Infinity

Ward had consulted several military experts.[7][18] The team also wants to start

an Infinite Warfare sub-series.[19]</p>

<p>Downloadable content [edit]</p>

<p>In addition to map packs, Infinite Warfare also feature announcer voice

packs, replacing the regular voice over in multiplayer with other voices. A vo

ice pack called "UK Special Forces" was released for free to all play

ers, featuring the voice of actor Craig Fairbrass (also known for his role as Ga) Tj T* BT /F1

luding rapper Method Man, YouTuber Ozzy Man Reviews, and comedian Ken Jeong.<
