You can play our online 2 Player Games on your PC, m

obile phone, or tablet without downloading anything. Access our

m your browser for free. Our games can be played without Flash. Most of our 2 Pl

ayer Games can be played together on one computer. Some of the games you can

also play together on different computers, see our .io Games or Multiplayer G

ames.

How to Play 2 Player Games?

Most of our 2 Player Games require just one computer with one keyboa

rd. The keys are mentioned in the walkthrough, game menu, or description. For ex

ample, one player uses the arrow keys while the other uses the WASD keys. So,

share the screen and keyboard together and enjoy playing.

Most of our 2 Player Games can also be played on mobile phones and t

ablets. Here the screen will be divided into multiple parts, and each player

controls from their own part.
